HCO BULLETIN OF 3 FEBRUARY 1979

Issue II

**CONFRONT TECH
HAS TO BE PART OF THE TR CHECKSHEET**

The inability to confront is basically caused by withholds and where a person cannot be drilled into confronting, he has to have his withholds pulled. That he has committed overts and doesn't want them exposed apparently causes him to withhold his attention and the result is his ability to confront is lessened. Also where a person has overts on a subject and is withholding, he has a tendency to complicate that subject and cannot get down to its basic simplicities. The world looks very complicated to him, probably because his attention is wrapped up in his withholds instead of on his real problems or the subject.

The new discovery here is that a person who has overts and withholds on a subject cannot perform in that area and introduces complexities, for of course they can't confront it.

Where a person cannot take responsibility for his withholds and he is not benefiting case-wise from giving them up, he is half dead as a being. It is a vicious circle: he began to commit overts because he couldn't confront things and then withheld what he had done. Because he had withholds and could not confront, he began to take heavy drugs and alcohol. These pushed him toward deadness and further worsened his ability to confront and even caused him to commit further overts which he then withheld and this further deteriorated his ability to confront. And all this traces back to the fact that he couldn't confront in the first place. There is nothing more irresponsible than a dead man. And when confront drops and withholds enter in, one has entered the death slide as a being.

This vicious circle can be handled in processing at various levels and will unsnarl and the person will become alive and able to confront. But the first steps of it, and ones which could carry him well up the ladder, are the drills of the TR Course if done properly and over and over in rotation each time to a win on each particular drill.

Truly, the world begins anew by regaining the ability to confront.
