DISABILITY RUNDOWN

This rundown is done by getting the pc to give you anything he considers a disability, mental, physical or otherwise.

This list can include anything from a withered foot to being too small to not being able to learn French.

Make a list of all items the pc gives you, ensuring you get the meter read as the pc gives you the item.

Take the largest reading item and do a full preassessment on it. Check interest and handle each reading item from the preassessment Quad R3RA. Take up the next biggest reading disability and do a preassessment and handling on it.

Reassess/add to the original list. Use Suppress and Invalidate buttons as needed.

When you have exhausted the list of all reading disabilities, and the pc says there are no more disabilities, this rundown is complete.
